CS 440 Meeting Minutes

Group: 31   Date: 3/5/22   Time: 10:30pm   Duration: 0.5hrs

Present, on time: Edward Plesa, Ryan Jasiak, Beyza Soylu, Abel Abraham

Present, not on time: N/A

Absent: N/A

_____

Synopsis:

Discussed how our sections of the development/coding project are coming along. Also discussed topics to review for the midterm.

Recent Individual Accomplishments:

Ryan: Worked more on midi parsing algorithm so that the algorithm parses the midi notes more efficiently and properly

Abel: Brainstormed ways to align midi-parsed notes to align correctly with notes displayed on piano Gui below note timeline. Making progress on dev project writeup.

Beyza: Started on the next part of dev project writeup.

Edward: Started on development project section 2.

Current Individual Activities:

Ryan: Continue to setup the GUI controller so that it has connection with the midi keyboard

Beyza: Continue working on controller for GUI

Edward: Work towards finishing the assigned sections of the dev project.

Abel: Continue with correction of note alignment with piano gui, draft up methods for communication between note timeline and piano gui.

Individual Action Items:

Ryan: Study for midterm, accomplish connecting the midi keyboard to the piano GUI and stuff

Beyza: Study for midterm

Edward: Work towards implementing login for coding project, writing sections for dev project, and studying for next week's midterm.

Abel: Study for midterm, discussing with the team how to piece everything together.
